

# Plants

## Year 1 Science Knowledge Organiser Term 5 2024

In this unit we will be learning the different types of plants including wild plants, garden plants and the differences of deciduous and evergreen trees.

Vocabulary  
 deciduous trees,  
 evergreen trees,  
 flower,  
 plant,  
 leaves,  
 root,  
 stem,  
 trunk

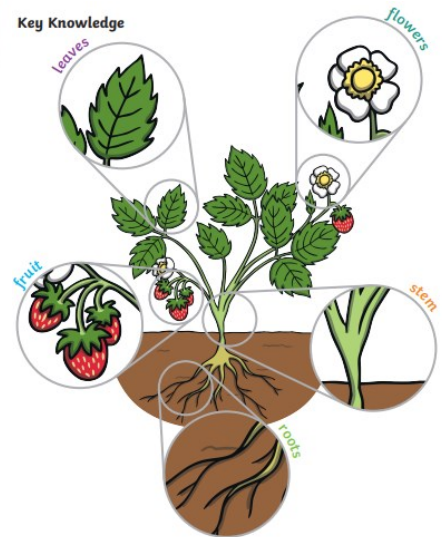

### Wild Plants

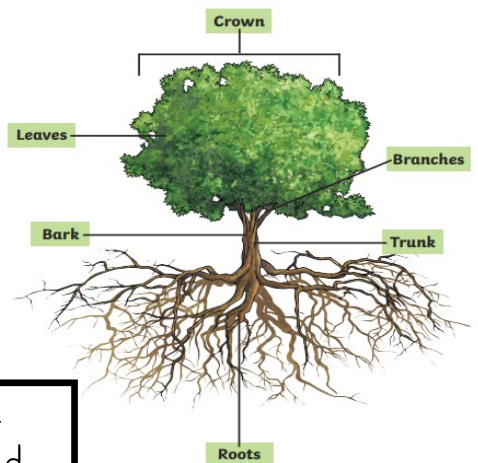

### Garden Plants

We will be identifying and labelling the different features of a plant and even growing a flower ourselves.

Key Vocabulary	
<b>wild plants</b>	A <b>wild plant</b> seed grows where it falls. It doesn't need to be planted or cared for as it grows.
<b>garden plants</b>	<b>Garden plants</b> are plants that people choose to grow in their gardens.
<b>weed</b>	<b>Weeds</b> are <b>wild plants</b> that grow in places where people don't want them.
<b>deciduous</b>	A <b>deciduous</b> tree loses its <b>leaves</b> each year.
<b>evergreen</b>	An <b>evergreen</b> tree keeps its green <b>leaves</b> all year round, even in the winter.

We will be looking around our school site to find different plants, using our comparison skills to find similarities and differences.
